

GASOLINE GENERATOR

BQH2200 / BQH3300II

Efficient & Effective

GASOLINE GENERATOR

The **Inverter Gasoline Powered Generator** is a user-friendly and portable energy source. Its inverter technology provides stable, clean power in a compact and lightweight design, ensuring reliable operation for sensitive gadgets and high-precision electronics without interruptions.

Its compact size and low weight make it a reliable and practical companion for outdoor activities such as camping, traveling, hiking, and fishing.
